Profile of Distinguished Alumni for the year 2020

Dr. Anand Avathi is currently at the Stanford Artificial Intelligence Lab, working with Prof Andrew Ng. His work involved machine learning research and its applications to healthcare. Previously he was a Consulting Engineer at the Office of the CTO at Red Hat, where he joined via the acquisition of Gluster Inc. He was a founding engineer of Gluster, where he bootstrapped and led the GlusterFS project. Anand has authored several impactful research papers published in leading machine learning conferences and medical journals, and has over twenty issued patents. His work has been covered by media outlets such as the New York Times, IEEE Spectrum, The AI Podcast, etc. He holds graduate degrees in Statistics and Computer Science from Stanford University, and a Bachelor's degree in Computer Science and Engineering from SJCE Mysore. He also holds 25 Patents to his credit.

Flight Lieutenant Meghana Shanbough graduated from Information Science and Engineering of SJCE, 2011-15 batch. She appeared for AFCAT in Feb 2016, got selected into the flying branch of the Indian Air Force in Dec 2016, after having cleared the SSB (Service Selection Board). She underwent training at the Air Force Academy, Dundigal, for a year and half and in June 2018, got commissioned into the 'Fighter' stream of the Indian Air Force.

During the initial training at the Air Force Academy, flew the Pilatus PC-7 aircraft. Thereafter, flew the HAL built Kiran Mk-1 aircraft. After being commissioned, spent six months each in Bidar and Kalaikunda flying the British made Hawk Mk-132 aircraft. Thereafter got posted to a MiG-21 squadron at a forward base. Currently, being a Fully Operational pilot on all roles of MiG-21 BISON aircraft, continues to guard the nation's skies with honour and pride.

Capt. Sharath Mano, alumni of Industrial and Production Engineering is working as a Company commander of an Infantry Battalion at Super High Altitude region of Batalik sector. He is responsible for guarding the territorial integrity against any external aggression and to uphold the sanctity of Line of Control. He has been awarded with Sainya Seva Medal with clasp Jammu and Kashmir and Uchh Tungta Medal. He specialized in Armoured Fighting Vehicles.

Nobody is bothered about an institution more than its alumni. - N. R. Narayana Murthy

17.12.2020

FIFTH SJCE GLOBAL ALUMNI MEET 2020

It's a traditional respect to invite and greet the alumni in their alma mater by organizing Alumni Meet, which is a special event of any educational institution. Consonantly, Sri Jayachamarajendra College of Engineering (Constituent college under JSS Science and Technology University) has convened the 'Fifth Global Alumni Meet' on 26 December 2020, which is a memorable stage for the alumni who had graduated from this institution since 1968. This platform acts as a mentor for the upcoming students also.

The programme will be inaugurated by Prof. M H Dhananjaya, Advisor, Technical Education Division, JSS Mahavidyapeetha. Executive Members Mr. Mahesh Nagarajiah, President, Mr. D Sudhanva, Vice President, Mr. Harinath M D, Secretary and Mr. Shivakumar, Treasurer will be joining the meet. Former Principals, Professors and alumni from India, USA, Europe, Singapore, Australia and other part of the globe will also be the part of the event.

The program witnesses the Award of Distinguished Alumni. This year SJCE has identified three Distinguished Alumni who have achieved the best in their profession. Following are the Three Distinguished Alumni for the year 2020.

Dr. Anand Avathi is currently at the Stanford Artificial Intelligence Lab, working with Prof Andrew Ng. His work involved machine learning research and its applications to healthcare. Previously he was a Consulting Engineer at the Office of the CTO at Red Hat, where he joined via the acquisition of Gluster Inc. He was a founding engineer of Gluster, where he bootstrapped and led the GlusterFS project. Anand has authored several impactful research papers published in leading machine learning conferences and medical journals, and has over twenty issued patents. His work has been covered by media outlets such as the New York Times, IEEE Spectrum, The AI Podcast, etc. He holds graduate
