Institution's Innovation Council

presents

A 24 hour State Level Software and Hardware Hackathon

JSS Science and Technology
University, Mysuru

IIC-Institution's Innovation Council

Ministry of Human Resource Development (MHRD), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas while they are in formative years.

MIC has envisioned creation of 'Institution's Innovation Council (IICs)' across selected HEIs. A network of these IICs will be established to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in these campuses.

Major Focus of IIC

1. To create a vibrant local innovation ecosystem
2. Start-up/ entrepreneurship supporting Mechanism in HEIs
3. Prepare institute for Atal Ranking of Institutions on Innovation Achievements Framework (ARRIA)
4. Establish Function Ecosystem for Scouting Ideas and Pre-incubation of Ideas
5. Develop better Cognitive Ability amongst Technology Students

Recently Concluded Events

1. **IDEATHON** was conducted on account of National Science day at college level. IIC witnessed 96 ideas being submitted. 10 ideas were shortlisted and prizes worth 18k were given to the top 3 winners.

2. Entrepreneurial Talk followed by **Panel Discussion** was organised where Vinyas Innovation Company founder and board member of the company Belatrix (listed in Forbes Under 30) Mr.Narendra Narayan, STEP-SJCE CEO Mr.Shivashankar, Elvago Technologies CEO Mr. Ashwin MJ were one of the few invitees.

3.KYP - Know Your Problem is a 10 Day online event/campaign released on September 15,2019 on account of Engineer's Day. It is an event aimed for the people of Mysuru irrespective of age and profession where one could post a problem that he/she has faced and which could be solved by Engineers.

Hackathon

IIC is willing to conduct a 24 hour hackathon in college premises on November 1st and 2nd. Both software and hardware hackathons will be conducted. It aims at encouraging participants to think exclusively towards a real world problem statement/s given to them and find and implement an effective solution using the skills that they have nourished as an Engineer.

The hackathon will focus on the following aspects:

1. **Solution Building Phase** where participants can use various programming languages, software platforms consisting of both front end and backend, to build the solution to the problem statement given. In the case of Hardware hackathon, various development boards and other electronic devices could be used to solve problems related to IOT.
2. The **Presentation phase** where the teams will be judged on the effectiveness of the solution, innovation involved and sustainability.

Dear Sir

Subject: Permission to conduct Ideathon 2020 – IIC: - reg

With respect to the above subject, I bring to your kind information that according to MHRD – Calendar of Events under "Institution's Innovation Council", we are supposed to organize National Science Day. In connection with the same, IIC is planning to host an "Ideathon" a one day program on **28/02/2020**. Since it is a mandate program to be conducted under MHRD – IIC, I kindly request the permission to conduct the same and also I request the Approximate Budget of Expenditure to be approved.

The budget approval for the sum of Rs. 60,000/- (Sixty Thousand Only) is requested.

Thanking in advance

Yours sincerely

(B S Harish)

Dear President - IIC

As per your advice, I am hereby sending the following justification towards the expenditure details to conduct Ideathon 2020 on February 28, 2020:

We are inviting participants from all the Departments of JSS STU and we are expecting nearly 100+ students participating. The theme would be "Healthcare, Environment, Energy and Agriculture (As per MHRD directions)".

1. Prize Amount (Rs. 18,000/-): This is as per the last year decision and we are keeping 3 Prizes for the Best Ideas comprising of 1 Prize: Rs. 10000/-, 2 Prize: Rs. 5000/- and 3 Prize: Rs. 3000/-. We are expecting at least 40 - 50 Teams (each team comprising of 1 - 3 students). Hence, the prize money will be awarded to the Team.

2. Website Launch (Rs. 2,000/-): This consists of various information about our IIC and the activities done under JSS STU -IIC. Further, the process of uploading/evaluation/result declaration/updates will be done through this website.

3. Inauguration Function (Rs. 10,000/-): Chief Guest from the reputed organization (Previously we invited Director, CFTRI, Dr. Anurag Shrivatsav, IISc etc) will be invited to the Prize Award ceremony of Ideathon 2020. Hence, as a token of respect we need to give a Memento, TA/DA to the Chief Guest and other expenditure which will be incurred towards the program.

4. Stationery/Printing/Banner (Rs. 10,000/-): This is very much needed for the publicity of the event. The expenditure includes purchasing stationery for the Evaluation Jury, Printing Certificates/Badges and a Banner.

5. Refreshments (Rs. 20,000/-): We are expecting nearly 100+ students to participate in this event. The selected Ideas (First Round) will be presented to the Jury Members (Jury Members will be Faculty from all the departments of JSS STU). We need to take care the Hospitality of the Jury Members. Further, the event will be for a full day and hence we need to provide a working lunch and tea/snacks for 150+ members including participants, jury members, volunteers. Hence, the amount cited is very much required.

Very importantly this is a Mandatory Program that every IIC should do and it's a part of Calendar of Events of IIC 2.0. Conduction of this event will in turn add to our STAR rating.

By considering all the above points, IIC 2.0 request to sanction the budget of Rs. 60000/- submitted and give us an approval to conduct Ideathon 2.0 on February 28, 2020 on the eve of National Science Day.

The Hard Copy of the proposal (Ref. No. JSSSTU/IIC/28/2019-20; Dated 21/01/2020) is submitted to President IIC - Office on 21/01/2020.

Subject: Permission to conduct Ideathon – CII – IIC JSSSTU: - reg

With respect to the above subject, I am very happy to bring to your kind information that JSS STU in association with CII – IIIP Panel, Mysuru is planning to organize *“Ideathon on Social Innovation” for Professors/Faculties/Teachers.*

I am also happy to mention that this kind of program is **First of its Kind in INDIA**. By doing this program, JSS STU and JSSSTU - IIC will be projected at national level and also this program is circulated among the various industries across India.

Since this is the first time we are doing, CII – IIRP Panel, Mysuru has agreed to take care of all the necessary requirements to conduct the event.

Further, IIC don't require any financial assistance from JSS STU for this program.

CII requested only Placement cubical for the presentation during the Ideathon.

In connection with the same, I kindly request the permission to conduct the same.

Thanking in advance

Yours sincerely

(B S Harish) 2020.

To
Sri. Abhiram G. Sankar., IAS
Deputy Commissioner and District Magistrate
Mysuru, Karnataka State, INDIA

Respected Sir

Greetings from JSS Science and Technology University (Formerly SJCE), Mysuru.

Ministry of Human Resource Development (MHRD), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years.

MIC has envisioned encouraging creation of 'Institution's Innovation Council (IICs)' across selected HEIs. A network of these IICs will be established to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in the campuses.

With this objective, we at JSS Science and Technology University (JSS STU) established IIC during 2018 and conducted many events like: Leadership Talks, Startup Spirits, Ideathon, Hackathon, Workshop on IPR and many more.

As a part of National Science Day, IIC-JSSSTU is organizing "Ideathon 2.0" (A short, intensive, workshop-like experience for students to address some of the most pressing challenges of present time) on February 28th, 2020 (<http://www.iicjssstu.in/>). The team of IIC is planning to conduct Ideathon 2.0 with major topics covering Healthcare, IOT Infrastructure, Alternative Energy Sources, Technology for Specially Abled, Technology for Rural Development, VR/AR for Education, Waste Management and many other breakthrough innovations. In this regard, we have received more than 50 ideas from our University students (comprising 3 - 5 students).

The Valedictory Program and Prize Award ceremony is planned to conduct on **February 28, 2020 from 4:00 PM onwards.**

On behalf of the IIC Team and many students request, we wanted to invite you to be the Chief Guest for the Award Ceremony. We kindly request to accept our invitation and grace the occasion. Your presence will be cherished by our students for longer time. Once again it's a kind request to accept our invitation positively and grace the occasion.

Thanking in advance

Institution's Innovation Council

Why Institution's Innovation Council?

Ministry of Human Resource Development (MHRD), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas while they are in formative years.

MIC has envisioned creation of 'Institution's Innovation Council (IICs)' across selected HEIs. A network of these IICs will be established to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in these campuses.

IIC – Focus

Major Focus of IIC

- To create a vibrant local innovation ecosystem
- Start-up/ entrepreneurship supporting Mechanism in HEIs
- Prepare institute for Atal Ranking of Institutions on Innovation Achievements Framework (ARRIA)
- Establish Function Ecosystem for Scouting Ideas and Pre-incubation of Ideas
- Develop better Cognitive Ability amongst Technology Students

Constitution of Institution's Innovation Council

Institution's Innovation Council Composition

Charter of Institution's Innovation Council

Functions of Institution's Innovation Council

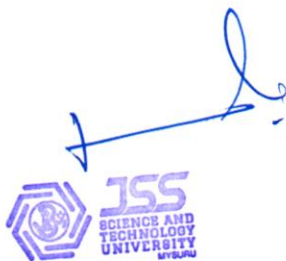

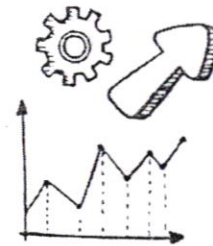

Promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in the campus

- To conduct various innovation and entrepreneurship-related activities prescribed by Central MIC in time bounded fashion.
- Identify and reward innovations and share success stories.
- Organize periodic workshops/ seminars/ interactions with entrepreneurs, investors, professionals and create a mentor pool for student innovators.
- Network with peers and national entrepreneurship development organizations.
- Create an Institution's Innovation portal to highlight innovative projects carried out by institution's faculty and students.
- Organize Hackathons, idea competition, mini-challenges etc with the involvement of industries.

Why HEIs should Join IICs Network?

Benefits

- No major capital investment required for establishing IIC as it will make use of existing local ecosystem.
- Students/Faculty associated with IIC will get exclusive opportunity to participate in various Innovation related initiatives and competitions organized by MHRD.
- Win exciting Prizes/Certificates every month.
- Meet/Interact with renowned Business Leaders and top-notch academicians.
- Opportunity to nurture and prototype new ideas.
- Mentoring by Industry Professionals.
- Experimentation with new/latest technologies.
- Visit new places and learn a new culture.

The council received around 65 Novel Ideas from the students of different departments. Prizes for Ideathon were announced and three ideas were chosen out of 13 shortlisted ones by the jury. First prize was awarded to 'Army Tracker' by Mr. PavanNayak R. He proposed the usage of local network instead of using GMS GPS module in tracking device for national security purpose. He was awarded with Rs. 10000/- and a Certificate of Appreciation. Second prize went to 'Smart Glasses for Specially Abled', by Mr. Kartikeya Jois, Mr. Arun Louis and Mr. K S Rakshit. They came up with an innovative idea of converting speech into visual display on special glasses to aide communication with hearing-impaired individuals. The team received Rs. 5000/- as cash prize and Certificate of Appreciation. Third prize was given to 'Smart Travel' by Mr. Shrihari Bharadwaj, Mr. Rohit A R and Mr. Sumanth Mahishi, they formulated the developmentof round maps for multiple locations to ease navigation. The team received Rs. 3000/- as cash prize and Certificate of Appreciation.

Finally, vote of thanks to the people responsible for the successful completion of the event was delivered by Mr. Adarsh.R, core team member, IIC.

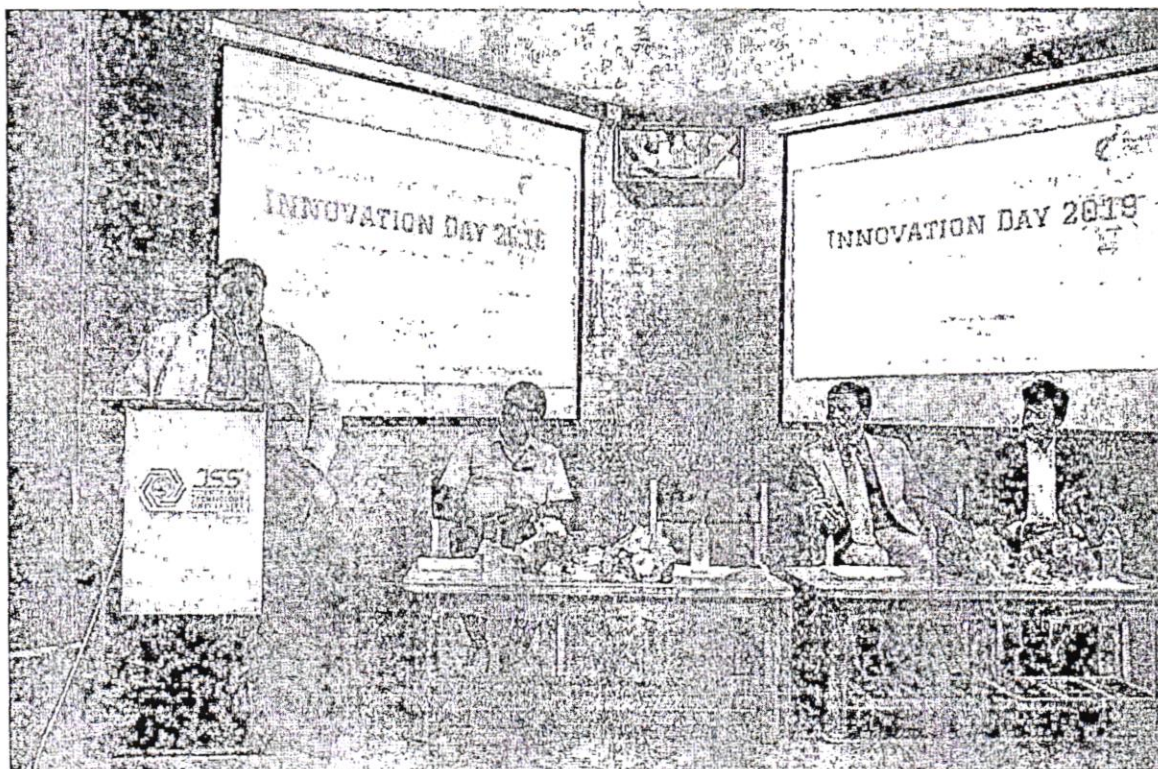

Sitting from Left to Right: Dr. B S Harish, Convenor IIC, Prof. B G Sangameshwara, Vice Chancellor, JSS Science and Technology University, Dr. K S M S Raghav Rao, Director, CSIR – CFTRI and Dr. Mallikarjuna Aradhya, President IIC. The others are core committee members of Institutions Innovation Council (IIC).

▪ Innovation Day 2019

15th October 2019, on the birth anniversary of Dr. APJ Abdul Kalam, JSS STU celebrated Innovation Day. A pre-event KYP (Know Your Problem) prize distribution was also witnessed on this behalf. Chief Guest Dr. Suresh Bhojraj, Pro Chancellor, JSS Academy of higher Education and Research and President, Pharmacy Council of India distributed the prizes and shared his words of wisdom with everyone. Dr. L JawaharNesan, Vice Chancellor, JSS Science and Technology University spoke about the society driven activities and its importance during the event.

University congratulates all the winners and the organizers for making this event a grand success.

(In picture from left: Dr. Suresh, Pro Chancellor, JSS AHER giving his key note address; Dr. Prabhuswamy, Incharge Principal, SJCE; Dr. L JawaharNesan, Vice Chancellor, JSS STU; Mr. Adarsh, IIC Student Representative, JSS STU)

▪ Entrepreneurial Talk

Entrepreneurial Talk followed by Panel Discussion was organised where Vinyas Innovation Company founder and board member of the company Bellatrix (listed in Forbes Under 30) Mr.Narendra Narayan, STEP-SJCE CEO Mr.Shivashankar, Elvago Technologies CEO Mr. Ashwin MJ were one of the few invitees.

▪ Hackathon

After hosting successful events like Ideathon, Know your Problem (KYP) and entrepreneurial talks at the college and district level, IIC JSS S&TU hosted a 24-hours State level Hackathon on the 1st and 2nd of November in association with Nokia and Star Knowledge.

The hackathon was aimed to harness the potential of all innovative minds across the state and to get the best out of them. Both hardware and software streams were made available and students were free to choose either of them. Both the streams were judged and awarded separately. At the end of the day each team transformed their ideas into an effective solution that aims to help the society.

The competition required students pursuing B.E/B.Tech, M.Tech, BCA or MCA to participate in teams of 3-5 to solve a given problem statement within a span of 24 hours. All basic facilities including food and accommodation were arranged for the all the participants. Awards, Cash prize worth 80K and goodies will be received by winners.

The Hackathon focused on the following aspects

1. **Idea brain storming Phase:** Once the problem statements are released to the participants, students were given time to build on their ideas and officials from 'Star Knowledge' helped them streamline their ideas.
2. **Solution Building Phase :**Participants had the freedom to use various programming languages , software platforms consisting of both front-end, back-end, Machine learning ,AI, Deep Learning, Block Chain to build the solution to the problem statements given. In the case of Hardware hackathon, various development boards and other electronic devices were used to solve problems provided by industrialists.
3. **Presentation phase:** Teams were judged on the effectiveness, innovation involved and sustainability of the solution.

A talk on Intellectual Property Rights (IPRs) and Patents

Following were the outcomes of the workshop:

- It was very useful information for the students who are interested in applying for patents and wants to know what information to include in their patent application. Participants understood about inventors to have the rights to own their inventions. Once inventors are granted their patents, they have exclusive, legal, protection to own produce, sell, use and create their product for 20 years. This term of 20 years of ownership was established because innovation and technology often make a patent obsolete after 20 yrs or less. Students also understood about the system of patenting new technology or invention developed to encourage people to pursue new ideas. They also learnt about the difference between Patents, trademark and copyrights. The program was coordinated by Dr. B S Harish, Convenor, IIC and President of IIC addressed the functionalities of JSS STU IP Cell. Lastly, Dr. B S Harish proposed vote of thanks.

The distinguished lecture on the “Innovative Approaches for Monitoring Cell Health and Cell Analysis Software Tools” was held on 22nd October 2022 by IIC-JSSSTU. This event was held virtually, in online mode, via Google meet platform and the link was shared amongst the interested parties. 100+ participants attended the lecture online.

The guest speaker for the lecture was Professor Ben Loos, Dept of Physiological Sciences, Stellenbosch University, South Africa. He has completed his BSc Hons and MSc in Physiology at Stellenbosch University and was awarded his PhD in 2009. During his MSc, he began working extensively with fluorescence microscopy and led the Microscopy Unit, Central Analytical Facility, until 2010, handing it over with a super-resolution confocal platform.

The event started with Dr. S Nanjunda Swamy, Associate Professor, Department of Biotechnology and President of IIC-JSSSTU, welcoming all the participants and the guest speaker. He introduced Prof. Ben Loos to the gathering and the lecture started.

Prof. Ben Loos introduced the topic and firmly stated the three objectives that he had come to explain to the participants. The first one was MEL or Mitochondrial Event Localizer. MEL is a software which allows us to visualize the mitochondria and the events that occur inside it. He explained how the study of the events that occur inside the mitochondria can help us in the diagnosis of many neurodegenerative disorders.

The next objective he spoke about was 'Immerse Cell', a virtual reality product which helps in understanding micro-structures three dimensionally. He explained about how the product can be used for education and to prove his point he showed a video to the participants from a person point of view of a 3-D animal cell. To this, Prof. Nanjunda Swamy stated how Prof. Ben Loos had visited JSSSTU in 2019 and an expo was held where students from schools and colleges nearby were able to firsthand experience the Immerse Cell technology.

The final objective was 'Phagoflux'. He started by introducing the theory of neurodegenerative diseases like Parkinson's and Alzheimer's disease occurring due to protein accumulation. Phagoflux is a start-up founded by Prof. Ben Loos where they apply the "Concept of Autophagy", which states that autophagy, which is the degeneration or destruction of proteins, is needed in certain limit for normal functioning of brain.

This lecture was followed by an interactive session where Prof. Ben Loos interacted with the audience and resolved many of their queries.

The event was concluded by Dr. S Nanjunda Swamy thanked all the participants for attending the event and he also thanked Prof. Ben Loos for the innovative and enigmatic lecture.

A hands-on workshop on Digital Marketing was successfully conducted by IIC-JSSSTU On the 26th of November, the event was organized from 2:30 pm - 6:00 pm in offline mode. The event was presided by our distinguished chief guest Vismaya Naganna, the Founder and CEO of The Orange Heart, an end-to-end Marketing agency based in Bangalore. Miss Vismaya Naganna is also a proud alumna of SJCE, Mysuru.

The event was compered by Miss Deeksha S, Student Coordinator at IIC JSSSTU. The event was kick-started by Prof. S. Nanjunda Swamy, President of IIC JSSSTU welcoming all the participants and the distinguished subject expert.

The honorable Chief Guest, in an inspiring way, introduced all the participants of the workshop to the world of Digital Marketing. She introduced the various concepts that digital marketing encompassed and gave us real-life illustrations for a better understanding of the concepts.

The introduction was interspersed with a set of activities that were conducted in pairs to make it interactive and seal the concepts of marketing in the minds of the students who attended the workshop. Complex concepts of digital marketing were brought to the center stage through these key activities. Tailored for students who have never been exposed to marketing, this workshop helped one grasp the fundamentals thoroughly. Right from how to understand the target audience -their needs, desires, and problems - to thinking of creative ideas specific to certain platforms, the three-hour workshop very clearly took the participants through the whole process of '*thought to idea*'. The multiple case studies displayed very clearly illustrated how ideas come to life and what it entails. The workshop ended with a Q&A session where the facilitator cleared all the doubts of the participants and inspired them to think about a career in Digital Marketing.

Expert Lecture on “Digital Forensics”

by

Prof. S.S. Iyengar, Florida International University, USA

Date: 28-11-2022

Time: 10.30 am

Venue: Department of ISE

Expert lecture on “Digital Forensics” was conducted by the department of Information Science & Engineering in association Institution’s Innovation Council - JSSSTU on 28-11-2022. Prof. S.S. Iyengar, Florida International University, USA delivered expert lecture from 10.30 am to 12.30 pm on 28-11-2022. Prof. S.S. Iyengar is a ACM Fellow, IEEE Fellow, AAAS Fellow, NAI Fellow, AIMBE Fellow, Member of the European Academy of Sciences, Distinguished University Professor, Knight Foundation School of Computing & Information Sciences, Florida International University, USA.

The abstract of lecture: In recent years, Information and Communications Technology has rapidly advanced, specifically the sudden movement of online digital communication and transaction has numerous benefits to the lives of individuals and organizations. This talk described Digital Forensics technology with many applications for investigating network hacking problems and many other problems.

More than 40 participants including students, research scholar, and faculty attended the lecture. The lecture provided participants with the basic knowledge on the developments in the field of Digital Forensics. After the lecture Prof. S.S. Iyengar had brief discussion with the faculty and encouraged them to pursue research in the area of digital forensics technology.

CLASH OF MINDS-2022

National Education Day is celebrated every year on 11th November, to commemorate the birth anniversary of Maulana Abdul Kalam Azad, the first education minister of independent India. It is essential that we celebrate such an occasion with a pompous event that revolves around education.

In the light of Education Day, IIC-JSSSTU had hosted THE CLASH OF MINDS, which is a structured debate competition. It was held on 22nd November 2022, in IS seminar Hall-1, JSSSTU campus from 2:00pm to 6:30pm.

The aim of this event was to enhance the public speaking skills of students and express their thoughts and opinions on the following topics:

- Ed-tech has all potential to replace college education.
- College education should be free
- A college education is worth accumulating student loan debt.
- Mandatory college attendance is a bane.
- CS degree dominates all other majors.
- Experiential learning outweighs theoretical learning.
- Ranking system is a boon.

The participants debated to win the following prizes:

1st place - ₹3000

2nd place - ₹2000

3rd place- ₹1000

Debate format:

Combat	All teams participated.
Confront	Top 8 teams from the combat round.
Face-off (final round)	Top 4 teams from the confront round.

Each match of any round had 3 laps each of one minute.

LAP 1	Participants had to put forth their points with respect to their side.
LAP 2	Participants had to present contradiction to the panel
LAP 3	Panel or audience could pose questions to the participants.

The event was presided over, and conducted by Mr. Rakesh Babu K.L., COO and Executive Director of 'Innomantra Consulting Private Limited', and a subject expert in the field of Design Thinking. The opening remarks were delivered by Dr. S Nanjunda swamy, President, IIC JSSSTU as he welcomed all the participants and the distinguished chief guest.

The introduction was followed by explaining to the participants, about the terms used in design thinking and their need, which served as the basic foundation for various other activities that were a part of the workshop. The concept of design thinking was brought into center stage through a series of individual and group activities. In the later part of the event, the speaker introduced the technique of identifying problems in a real time business or startup, and how to tackle them. If the problems are noted down in a systematic way, we can obtain multiple creative solutions for a particular problem.

NATIONAL POLLUTION CONTROL DAY

National pollution control day is celebrated on 2nd December as an honor to those people who died in the Bhopal gas catastrophe on December 2nd and 3rd in 1984. Thousands of people died as in Bhopal on that day due to the leakage of deadly gas MIC (methylisocyanate) from union carbide company a pesticide plant. The Bhopal gas tragedy is one of the deadliest industrial pollution catastrophes in the history.

Inauguration Ceremony

This event was organized by Department of Environmental Engineering in collaboration with Institution's Innovation Council (IIC). The chief guest for the event was Mr. G.R. Ganeshan, Regional Environmental

National Youth Day, also known as **Vivekananda Jayanti**, is celebrated on 12 January, being the birthday of Swami Vivekananda. In 1984, the Government of India declared this day as National Youth Day and since 1985 the event is celebrated in India every year. National Youth Day is also known as **Rashtriya Yuva Diwas** and is celebrated on the birth anniversary of Swami Vivekananda.

"All differences in this world are of degree and not of a kind because oneness is the secret of everything". - **Swami Vivekananda**

National Youth Day creates awareness and provides knowledge about the rights of people in India. It is a day to educate people to behave properly in the country. The main objective behind the celebration is to make a better future for the country by motivating the youth and spreading the ideas of the Swami Vivekananda. National Youth Day is also famous as Yuva Diwas.

On behalf of **National Youth Day 2023; NSS, IIC and SAHAS club, JSSSTU** organized a technical talk on **Mountaineering** with title **“UUNCHAI, The Everest in Us, taking up your biggest dreams”** by speaker **Mr. Sunil Nataraj, Expert Mountaineer, Everester, Record holder, Super Randonneur** on 19th Jan 2023 in EC Seminar Hall, JSSSTU, SJCE Mysore. The Vice Principal Dr. C Nataraj, Student Welfare Officer Mr. M Sunil Kumar was present during the event. The students from various departments, faculty members took part in the event. On that day, the event started by offering flowers to the lotus feet of Jagadguru Shivarathri Deshikendra Mahaswamiji followed by introduction of guest speaker. The talk on Mountaineering was addressed by **Mr Sunil Nataraj, a first civilian from Karnataka to summit on Mount Everest**. Mr. Sunil Nataraj shared his experience about mountaineering, trekking, fitness, mental strength to students and motivated by his inspirational thoughts.

Mr. Sunil Nataraj started the session by the quote “Big Achievements comes with Biggest Hurdles”. He gave a brief introduction about his expedition through a mesmerizing video. He made us know about the 5 factors need to summit Mount Everest. They were

- i. Financial aspects.
- ii. Physical Fitness.
- iii. Mental Strength.
- iv. Emotional Stability.
- v. Skills

DIAMOND JUBILEE YEAR :: 1963 – 2023

It was a great opportunity for students to have a glance at his thrilling experiences and this mountaineering journey to Mount Everest. He spoke about how his journey started and spoke about 5 dimensions the one need to pass through to achieve anything in life, they are financial stability, physical strength, mental endurance, emotional clarity and skill and also mentioned above how meditation can help us achieve mental stability which gives a tremendous transformation in any person which leads from negative to positive mindset.

Mr Sunil Nataraj encompassed on his corporate life. He also told how a small thought of climbing Mount Everest had immense impact on him. He told how he first started to gather money for his expedition and also to take care of his retirement. Then, Sunil Nataraj elaborated the difference of Physical Fitness and Health. He shared how after gathering money for expedition, he was not fit and how he started his training towards his muscle strength and stamina.

DIAMOND JUBILEE YEAR :: 1963 – 2023

Mr. Sunil Nataraj stated once he was fit, it was the time to acquire mental strength. The strength to have zeal to achieve something, the strength to never give up on his biggest dreams. After all these hurdles, it was to time to control his emotions. Sunil Nataraj briefed how meditation gave him that emotional stability even in the Dead Zone of climbing Mount Everest. He elaborated how he transformed all the negative thoughts into a diplomatic one during his expedition to summit Mount Everest.

Mr. Sunil Nataraj after all his preparation realised that he was lacking with the skills to climb a mountain. He told how he got rejected from all Basic Mountaineering Course Colleges across India. He told that greatest how greatest Gurus go in search for greatest Disciples and he was made to meet Sherpa (a trainee of mountaineering). He gave brief explanation about his training.

"After one is ready to take up the challenge in life, a guru automatically comes on the way and touches your ego and break it down" He said.

He shared his Everest base camp Summit journey which was very exciting and breath taking as well. He was trained under Sherpas in Nepal for 15 day and got ready for the Expedition. He could successfully complete his 6000mt -7000mt, but 8000mt was a real challenge, most difficult one and no guarantee of returning. Before any expedition, one must be ready with Acclimatization without which it leads to pulmonary edema which would take 7 days to recover. It would take up to 52-56 days at base camp for preparation. When the climb begins, it won't be continues, climbers would be resting in the camps each night. Once they reached 7000 m of the Everest, it was the death zone, Comes the Hillary step which is just 200 m away from the summit, the deadliest one because of the human dead remains.

He also gave us the 3Ps for Success

1. Positivity
2. Patience
3. Perseverance

On 15th May 2023, he became the 528th Indian for successfully completing the summit. He also mentioned that completing a summit is a challenge but climbing down is another challenge, because maximum deaths occur during descending.

After the talk, it was open for audience to pose questions so one of them asked about the food that can be carried so he answers about the light food like rice, dal and mesosoup that will be carried. More than 60 Students were part of the event and overall it was a take back Program for students on Trek, Fitness and Mental strength that a person can attain.

At last, Mr. Sunil Nataraj explained his 5 days expedition to Mount Everest. How it started, how he was diagnosed with Pulmonary Edema. How he was asked to step back from Everest Base Camp and how he survived and finally when he was fit how he summited to the Mount Everest at the age of 49. He answered to few questions from audience.

Technical Education Quality Improvement Program (TEQIP) is the World Bank assisted project under government of India for the improvement of technical education. The TEQIP first phase focused on infrastructure and overall development of technical institutes and the second phase focused on research, innovation and scaling-up post graduate education. SJCE has successfully completed World Bank assisted TEQIP-I & II scheme as a lead institute and has been appreciated by SPFU, NPIU & MHRD. SJCE has successfully implemented TEQIP-III till date.

One of the important objectives of TEQIP-III is Equity Action Plan. The aim of the equity is to provide the equal opportunities and empowerment of women students, women faculty members, students and faculty members from weaker section of the society.

ABOUT PROGRAM

One of the important objectives of TEQIP-III is the advancement in the quality and equity of the faculty members and students with special attention to the women faculty. In order to bring the quality and equity among the women faculty in our esteemed institute, it is planned to conduct one day workshop on "Stress Management". This workshop will aim in managing the issues related to the work and family related stresses.

REPORT

One Day Workshop on "STRESS MANAGEMENT" conducted on February 28th, 2019.

One of the important objectives of TEQIP-III is the advancement in the quality and equity of the faculty members and students with special attention to the women faculty. In order to bring the quality and equity among the women faculty in our esteemed institute, it is planned to conduct one day workshop on "Stress Management". This workshop will aim in managing the issues related to the work and family related stresses.

The workshop was organized for the women faculty members of our esteemed institute to maintain the work balance between personal and professional life by managing stress.

The programme was inaugurated in E&C Seminar hall at 10.30 A.M by our honorable principal Dr. T N Nagabhushan, speaker Smt. Devaki Madhav, TEQIP-III coordinator Dr. B Manoj Kumar, Deputy registrar of JSSSTU Dr. Haraprasad N and Programme coordinators Dr. M H Sidram & Ms. M Neethi of Electrical and Electronics Engineering Department.

The first session was started by Psychologist & Scientific Yoga Pranayama Upanyasaki Smt. Devaki Madhav. She has given a tremendous examples of the people to know how to manage the stress, how to analyse the different types of stress, levels of stress and symptoms of stress. The different pranayama and

The different pranayama techniques can help us to get relieved from stress instantly and for life time. From the survey she has studied around 80% of women do not know that they were in stress.

The second session was started by Litterateur Smt. Meera Shivalingaiah. She has given more examples about how to analyse and manage stress from the various books she studied and also shared her experience in managing stress.

The panel discussion also arranged at the end of the session. The two way communication became very effective task and arrived at different solutions or methods to overcome the stress of a working women.

Dr. M H Sidram, coordinator of the programme expressed his gratitude to all participants, Speakers, Principal, TEQIP-III Coordinator, Deputy registrar and all the women faculty members of Electrical and Electronics Engineering department for the smooth conducting of the programme.

Firstly, he congratulated everyone for the idea of starting the club exclusively for Civil Services aspirants and ensured his support throughout the journey of the club. He started with his education qualification and his journey in the teaching profession. Betsurmath sir was very curious in learning from his childhood and he made sure he knew every new thing he came across. This attitude is what has made him a successful person today, his urge towards learning with no age limit is one among few things we as students should incorporate.

A lot of development has happened in Mysore during his period that includes plastic free Mysore which he initiated first and also Mysuru stood first as cleanest city in India. His idea of bringing trintrin for public is outstanding. He also shared how single handedly he controlled the communal dispute in Bhatkal and in spite of life- threatening moments he never gave up his courage and worked for the betterment of society.

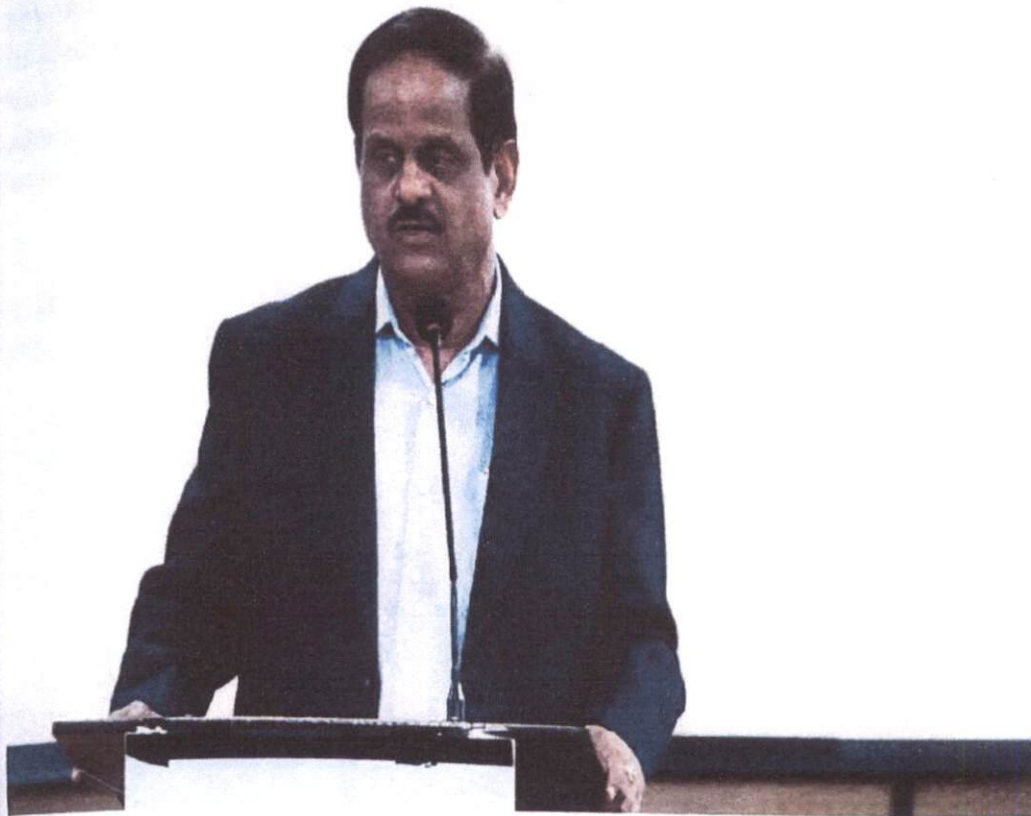

Figure 3: Dr. C G Betsurmth, Executive Secretary, JSS Mahavidyapeetha, addressing the gathering.

He has given a great contribution towards archeological department during his period. R K Narayan's house has been added to the list of heritage building and has been restored as museum. Hardinge circle was renamed as Jayachamarajendra circle by establishing the statue of Jayachamarajendra Wadeyar. The same way, he has restored many other monuments and heritage sites.

Betsurmth sir gave us the insight about the current technology and with this technological development comes choice, "The era of choice", youngsters now have wide range of opportunities to choose between things they need. We need to choose wisely of what we are going to do and should work efficiently towards it.

Dr. K S Lokesh, Registrar, JSSS&TU, addressed the gathering. He told us about the importance of the club, its necessity in any technical institutions and the power of bureaucrats in this society, the positive changes we can bring with that power. He spoke about the role of young bureaucrats in creating a healthy environment in the country and influencing major changes of it. In his college days many of his friends were preparing for UPSC and now about 11 of them are working in various services under UPSC. This is shown in figure 4.

He quoted, "COMMITMENT AND PERSISTENCE ARE THE TWO IMPORTANT QUALITIES WHICH ASPIRANTS MUST POSSESS TO ACHIEVE THEIR GOAL."

Later he spoke about technology and wide range of opportunities which can be utilized by students for better understanding of the syllabus and other current issues. With growing technology and digitalization our work is being reduced which gives immense time for self-preparation and modeling, finally he said, if there is a person within us who is striving to reach his goal and achieve something more than others, then he is unstoppable. Self-confidence and self-acceptance are the major factors to keep within us.

Self-confidence and self-acceptance are the major factors to keep within us.

His words were so motivating and practical to think beyond. All the dignitaries addressed us with many different things which did light a spark and confidence in us to achieving something better. All the assurance and support gave us lot of confidence and energy in working for the betterment of the club.

At the end, Rahul M, Vice President of the Bureau Club proffered vote of thanks to all the dignitaries, lecturers and students who were part of this inaugural function and brightened the evening with their presence. A sapling of Amrutha Balli and gift were offered to all dignitaries.

The event was winded up at 7:15 PM in the evening; the guests were escorted back by the members of our club. High tea and snacks were arranged for all who attended the inaugural function as refreshments.

18th November 2021

Bureau talk 4.0 was organized by Bureau club SJCE, non -technical club of JSSSTU for the civil service aspirants. It aimed at providing information about the Preparation Strategy to ace the UPSC exam. The key speaker was Nishay Prasad, an alumni of JSSSTU who secured AIR-130 rank in the UPSC exam 2020.

Prior to the event that was held on 18th November 2021, digital promotions were done and on the day of the event, classroom promotions were done by bureau club volunteers.

The Bureau talk was organised at IS Seminar hall. Students from various engineering streams and also from MBA, BCA and MCA attended the event. An approximate of 180 people had gathered on the occasion. The event was also live streamed on the club's instagram page **@official_bureau** and the whole streaming is uploaded on the club's youtube channel too.

Respected Sir,

Subject: Request for permission to organize an event on UPSC civil services preparation ("BUREAU TALK 5.0") on June 23rd 2023.

With reference to the above subject, I wish to state that the Bureau Club of SJCE has planned to conduct an event -BUREAU TALK 5.0 on 23rd June 2023 at 5pm IS/CS Seminar Hall SJCE for the civil service aspirants of the college. The event will feature the Mysore Deputy Commissioner (DC) as the chief guest and speaker who will share insights into the preparation strategies for the civil services examination conducted by the Union Public Service Commission (UPSC).

This event would help students of our college/University gain knowledge and strategies on how to crack the civil service examination while simultaneously studying the college curriculum. This event would guide students to plan their preparation accordingly and create success stories in future from the University.

Enclosed herewith is the detailed schedule and approximate budget for the event.

Therefore, I request you to kindly accord the permission and sanction the said budget for conducting the program and also request you to give advance cheque of Rs 7300/-

Thanking You

Your Faithfully
