 - Identified as lead institution for World Bank Assistance under TEQIP Scheme
- DIAMOND JUBILEE YEAR :: 1963 – 2023**

DEPARTMENT OF ENVIRONMENTAL ENGINEERING

NATIONAL POLLUTION CONTROL DAY

National pollution control day is celebrated on 2nd December as an honor to those people who died in the Bhopal gas catastrophe on December 2nd and 3rd in 1984. Thousands of people died as in Bhopal on that day due to the leakage of deadly gas MIC (methylisocyanate) from union carbide company a pesticide plant. The Bhopal gas tragedy is one of the deadliest industrial pollution catastrophes in the history.

Inauguration Ceremony

DIAMOND JUBILEE YEAR :: 1963 – 2023

DEPARTMENT OF ENVIRONMENTAL ENGINEERING

There was a poster making competition on the topic “Judicious Use of Resources” the participants were allowed to submit their poster digitally and manually they were also asked to present about their poster which was evaluated by the chief guest and Professors of Department of Environmental Engineering. There was a quiz competition too, the questions were based on environment and pollution in general, the students from different semester and department participated. The competition was held in 3 rounds, first round was written multiple-choice question and there was a cut off on that participants were selected to 2nd round which was a buzzer round and the final round was about the logos related to environment and environmental organization. There were questions for audience and for each correct answer goodies were given which made audience more active and lively.

The full event was filled with excitement and enthusiasm and hence the event was completed successfully with prize distribution, vote of thanks and a group photo.
